**Black-n-Bleu Burger** ..... 12.25 / 23.95 / 28.95

Rich bleu cheese dressing is a great start; add mozzarella and provolone cheeses, a dash of blackened seasoning, ground beef, and crisp bacon. Toss it in the oven to bake and then top it with diced roma tomatoes, shredded lettuce, diced onions, and a drizzle of chipotle mayo. Now that's a pizza!

**Mountaineer** ..... 12.25 / 23.95 / 28.95

Summit the peak of flavor with a bite of this pizza. At the base is garlic olive oil and mozzarella and provolone cheeses. Our signature wild mushroom mix, steak, crispy bacon, and sliced Swiss cheese lie on top. After it bakes, all we need is a dusting of parsley and a handful of diced roma tomatoes and we're done!

**Sloppy Joe Supreme** ..... 12.25 / 23.95 / 28.95

Our twist on an American classic is a pizza you'll love. Our very own Sloppy Joe sauce is the foundation for some great toppings: mozzarella and provolone cheeses, ground beef, tater tots, and cheddar cheese. Once it's baked, we garnish it with parsley.

**Rootbeer Float Blondie** ..... 5.95

Let's have some fun! We took a traditional blondie and soaked it in our very own rootbeer then swirled it with a cheesecake flavored with our cream soda. It's the best of both worlds!

**Cheesecake of the Month:**

**Lemon Poppyseed** ..... 5.95

A lemon pound cake is baked under a luscious lemon and poppyseed cheesecake. We finish it with a spritz of whipped cream.
